Lethbridge News: F. W. G. Haultain, M. L. A., arrived from the east on this morning's train and went on to Macleod by private conveyance. He says that for the past month the weather has been very wintry in Eastern Assiniboia, and he has been travelling around with sleighs with the thermometer as low as 15 below zero.

The Dominion financial statement for October shows a surplus of \$4,528,611. A year ago it was \$3,404,330. The total revenue for October \$3,340,210; expenditure for October \$2,272,188. The capital expenditure for four months is \$1,264,537, as against \$1,192,848 in the corresponding period last year.

C. F. Church, of Winnipeg, representing the Sanford Manufacturing Company, of Hamilton, Ont., was frozen to death on the prairie between Pincher Creek and Lee's Creek, west of Macleod, on November 23rd. The wagon in which deceased was travelling broke down, and the teamster rode off for assistance leaving Church and three horses with the wagon. The teamster could not find the wagon during the dark on his return with a relief party of police. When daylight came the wagon was found and Church frozen to death. The thermometer was 20 below during the night.

Macleod Gazette: The cold high winds that have been prevalent for the last ten days, on Friday, November 18th, culminated in a heavy snow storm, which started about 4 p.m., raging all night long. On Saturday morning the storm was apparently over, and the snow lay from 3 to 4 inches deep on the level. About 1 p.m., however, the wind suddenly changed round to the north, and in five minutes we were experiencing a howling blizzard, which lasted till about 10:30 p.m. It was luckily not very cold, but it was mighty unpleasant while it lasted, and those who were caught out in it must have had pretty hard scorching to get into shelter.

GENERAL NEWS.

The Victoria flour and rice mills sent 3,000 bags of flour to Japan by the Empress of Japan on her last trip.

The assessor of Victoria estimates that nearly \$1,000,000 has been expended during the past twelve months in buildings in that city.

Wm. O'Connor, champion oarsman of America, died in Toronto on November 23rd of typhoid fever. He had been ailing all summer, but his fatal illness only commenced on Thanksgiving Day. He was thirty years of age at the time of his death. He was born in Toronto, stood five feet ten and a half inches high and rowed at 165 pounds. He first rowed in public at Lachine in 1882. He first rowed as a professional at Minneapolis in 1885. He was defeated by Searle, champion of Australia and of the world.

Moosomin Courier: "The Dominion government acting on the initiative of the auditor-general, refused to recognize the Cayley executive, and stopped credit to them as regards federal funds, which had been placed at the disposal of the assembly by order-in-council passed in July last. The immediate result of this was to transfer the Federal funds back to the department of the interior, to be expended, as in the ante responsible days, through the lieutenant-governor, a mere officer of the interior department and neither representative of nor responsible to the people of the country. It will surprise many people to learn that for the last few weeks the cheques issued from Regina, on the Federal fund, have been signed, not by the governor and a member of the executive committee as under the Haultain administration, but by the governor and his secretary."

Free Press Ottawa despatch says: With reference to the despatch from Regina in regard to the Northwest assembly troubles, it is not quite correct to say that the ordinance constituting the executive committee has been disallowed, but the minister of justice has made a report saying, in effect, that the ordinance was beyond the powers of the assembly and contrary to the intention of parliament, which merely contemplated in its legislation a committee of the assembly, whereas the executive committee was appointed by the lieutenant-governor. The ordinance has not been disallowed but left to the assembly to amend in the direction indicated by the minister of justice. Appropriations not having been made by the assembly owing to the deadlock, the territorial account is being expended under the authority of an ordinance of the assembly itself, which provides for just such an emergency. This is the reason cheques do not bear the signature of Cayley, the lieutenant-governor always signed these conjointly with the premier and the governor's secretary, Gordon.
